Greetings,

I have a crucial transaction to discuss with you. I am a lawyer, personal legal representative of my late client, he lost his life in this current pandemic. I am contacting you about this matter based on the fact that you have the same last name as my deceased client. I need your help to repatriate the sum of Seventeen million, seven hundred and fifty thousand United States Dollars (USD\$17,750,000.00) fund left behind by my late client. I want you to be the beneficiary of the unclaimed fund, as no close relatives were introduced to me by my late client while he was alive. Get back to me asap for more details.

Compliments,

.....
